

POWER OF 1000

Reg No: 2017/353532/08

"We make a living by what we get. We make a life by what we give." —Winston S. Churchill

Dear Power of 1000 Donor,

We have done it again! You have helped us to sponsor another four Lenz High learners to attend the 2019 Leadership Camp held at Kloofwaters Outdoor Centre from the 27th February to 1st March 2019. Without your financial backing these deserving learners who went through a rigorous selection process administered by the school would not have been part of this prestigious annual Lenz High event. The Power of 1000 transferred R4,800.00 into the school's bank account to pay for the four learners participation. We wish them all the best and hope that they will become the future leaders that we will be proud of and who will reflect our values of sharing and always planting new seeds.

Lenasia Times is now the official partner of Power of 1000 to promote dialogue on education, youth related issues and empowerment. Our first **Power Talk** column featured Bilqees Baker's article on technology and teenagers. In her column she offers pointers to help parents navigate the ubiquitous nature of smart phones, tablets and other mobile gadgets. Bilqees draws attention to the tested practice of listening to our youth. We will be delighted to receive feedback on our Power Talk column. We also welcome articles that will contribute to deepening dialogue on education, community empowerment, and leadership

We are humbled by the requests from donors to project manage their bequests for capital projects. After our successful project management of the installation of borehole at Lenz High funded by 27Four Investment Managers; donors are seeing us as a partner of choice for ensuring that their intentions become realities. This is aligned to the Power of 1000's long term goal to contribute to the upliftment and development of public schools in Lenasia. We did not imagine that this would come so soon. We are both honored and excited. Consequently, the Power of 1000 board members met with Principal Francis from Greyville Primary School to explore their CAPEX needs.

We are also proud to announce that the 2019 Power of 1000 Careers Day will happen on the 7th May 2019 in the Lenz High Hall. We have already received positive responses from many higher education institutions, both public and private. If you know of an institution that offers a range of workplace opportunities for our learners please share with us their contact information. Concomitantly, we also want to expose our learners to learnership and internship opportunities. Please let us know of companies and organisations offering these programmes. We want our learners to have the most current information on the full spectrum of post matric opportunities so that they can make informed choices. Our annual Careers Day is about creating awareness amongst learners of the myriad possibilities – from technical careers to professional to entrepreneurship.

We would like to enlist your help in spreading the word of Power of 1000 and get people to contact the team to donate and be a part of this exciting initiative.

To donate reach out to a member of the team, alternatively EFT directly into our bank account at:

Power of 1000

We welcome feedback so please drop us an email at info@powerof1000.co.za

We have had an exciting month and I would like to thank the committee members who give up their personal time for a passion to give back to a school that we all graduated from. The task at hand is not an easy one but with your support we can achieve a great deal, if we can produce just 1 great leader in the future, this initiative is worth the effort.

Best wishes and warm regards,

Mumtaz Khan
Chairperson
